The image shows a white rectangular component, possibly a camera module or sensor, mounted on a green PCB. The component has two black rectangular areas, one near the top center and one near the bottom right. A small yellow label is attached to the left side of the component, containing some text that is partially obscured. The number "960613A" is printed vertically on the left edge of the white component. The entire assembly is set against a plain white background.
